Kindergarten Dump truck.

With Moover Kindergarten Dump Truck, you'll witness quiet driving games at playtime; only interrupted with kids' laughter and excitement as they play with this fantastic toy. This ride-on vehicle supports a friendly play atmosphere thanks to its soundless operation and slow riding speed and your toy will last for thousands of valuable learning and playing hours. You'll soon appreciate that Moover Kindergarten Dump Truck is an essential asset that supports you and your kindergarten's needs for challenging and open-ended toys. Furthermore, this toy will assist in striking a helpful balance between your kindergarten's environmental requirements and your work-environment needs too.

Safe and strong

The Moover Kindergarten Dump truck is built to last: It's extremely sturdy with a 10mm steel axis and wheels that are fitted with double TEP tyres. These tyres ensure soundless driving and a good surface grip without leaving marks.

Materials

Strong 10mm linden plywood, 10mm steel axis, POM fittings, TPE tires.
