Moover Toys aims to be the leading source of quality toys on the global toy market.

"Click Key" system™

Quality Time – Building Together

Your successful "Click Key" system allows flat pack logistics and allows building and rebuilding the toys. Building together and teaching smart construction, with the use of fingers - no tools required!

Materials: Strong plywood, furniture quality wood, solid wooden handles, safe TPE-rubber wheels, child-safe paint

Moover Toys aims to be the leading source of quality toys on the global toy market.
